

# Sun Day 2019 commemorative conference

## Expectations of Auction Modalities and the Implications of Financing Models

May 23<sup>rd</sup> | NOVA School of Business and Economics (Reformosa Amphitheater)

### Conference cycle “APREN and the Universities”

APREN has long been promoting a series of conferences, to be held in different higher education institutions in Portugal, to celebrate the thematic days related to renewable energy sources. The aim is to consolidate the association's relationship with universities, through an active role in the dissemination of information on renewable energies, in an educational and engaging way.

### The Sun Day

The Sun Day, created under the United Nations Environment Programme, aims to alert to the benefits of the sun and its importance as a source of energy.
